May 9th – Algona, WA – Vision X Lighting announces the availability of the new range of high performance pod lighting with the Pro Pod. It can be used in a number of different places, like your UTV, RV, or rock crawler. Light your work bench, engine compartment, closet, or any other area you need high light output in a small area.

The Pro Pod uses 2 Watts of power while emitting 128 effective lumens. This LED pod only draws 0.17 amps of power and the LED life span is an outstanding 30,000 hours. Boasting an IP-68 rating, the Pro Pod is the most durable LED pod on the market; this is made possible by its impact resistant PC lens, and die cast aluminum base. Using a four pin bolting system and weatherproof design the Pro Pod can be used in a number

of applications. The frosted lens also spreads the light output evenly to eliminate any and all hot spots. The Pro Pod also comes with a 10' cord with a simple 2 wire install. Only weighing 0.2 lbs and 1.76" in diameter, the Pro Pod is the ultimate lighting solution for dozens of applications.

Summary of Features

- 10' Cord With Simple 2 Wire Install
- Ability to Fit Virtually Anywhere
- IP-68 Weatherproof Housing
- 30,000 Hour LED Lifespan
