Home Office
Engine Room

May 30th – Algona, WA – Vision X Lighting announces the availability of the new Strip Light Series of LED lights available in 12" and 7.5" lengths. Perfect for any application where additional light is needed but mount space is at a premium. Vision X Lighting Strip Lights are available in two models, touch activated and solid on; both feature a simple 2 wire 12-24V DC installation. With the touch activated models you can toggle in between 50% brightness, 100% brightness or off. While the non-touch Strip Light is 100% brightness all the time (once powered), typically used with an external switch or switched circuit. Vision X Lighting Strip Lights feature an all new frosted lens design to prevent "imaging", multiple shadows from the LEDs and provide an even light spread, even in close range mounting

applications. With a long-lasting 30,000 hour LED lifespan, a 0.59" low profile design, and durable aluminum housing, these lights can be used virtually anywhere.

Summary of Features:

- Powerful 4.2 and 2 Watt Light Output
- Weatherproof and Dustproof
- 30,000 Hour LED Lifespan
- Touch Activation Capable
- Fits Virtually Anywhere
- Simple 2 Wire Install
- Low Profile
