

# Wide Flood and Elliptical Beam Covers

## POLYCARBONATE COVERS

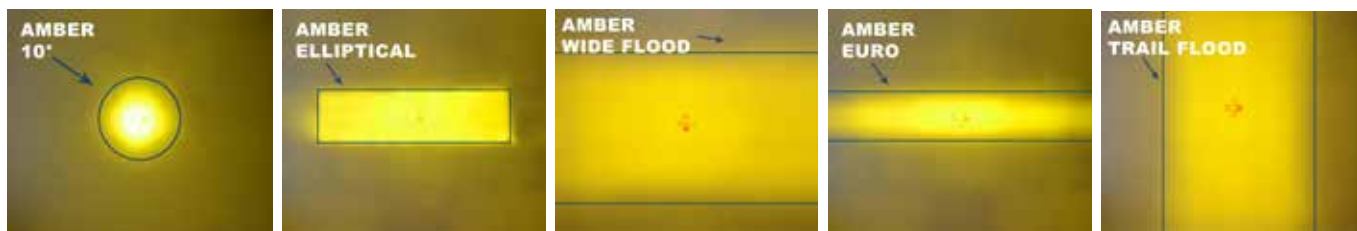

12 Lights In 1 - Protective and Beam Changing

PCV-6500WF, PCV-CP1RWF, PCV-OPR1BEL Shown  
Light(s) Not Included

### PCV Covers

Shatterproof polycarbonate covers to protect, color change and change the beam of your light. Giving you several lights in one. Snap on and change.

### Elliptical Covers

This horizontal cut beam is designed to illuminate the path ahead, and is cut on the sides to keep light out of oncoming traffic eyes. This is perfect for driving with other vehicles, where you want to keep the light focused in a specific area.

### Wide Flood Covers

This Wide Flood beam is designed to give the ultimate spread left to right and the area right in front of the light. This is perfect for work and trail applications where you need spread over distance, and seeing what to the side of you is most important.
