

XP ROCK LIGHTS

The **XP Rock Lights** from Vision X is a compact surface mount light in a rugged aluminum housing designed for exterior mounting on vehicles. The weatherproof design allows mounting on interior or exterior surfaces exposed to adverse conditions. Lights are available individually in multiple colors and in 4 and 6 light kits. An additional multi-color kit with wireless remote is available.

Features and Benefits:

- Rugged aluminum housing
- Ultra-bright CREE LED's
- Flat and Tube style mounts included
- Available in multiple colors and 4-6 light kits
