LIGHTING SOLUTIONS

FOR MINING CLASS VEHICLES AND EQUIPMENT

At Vision X Lighting, our mission is to enhance safety and boost productivity in the mining industry through advanced LED lighting solutions. By leveraging cutting-edge technology, we provide lighting that delivers up to 80% more illumination compared to traditional fixtures, significantly improving energy efficiency and transforming the working environment. Our solutions are designed to ensure that your team operates in a safer, more productive setting, allowing for better visibility and reduced operational risks.

PROVEN

Our products are purpose-built to withstand the harshest conditions found on mine sites, whether in extreme cold or intense heat. With a track record of reliability and durability in diverse environments, Vision X Lighting ensures that your lighting solutions perform consistently and effectively, no matter the challenges.

COMPETITIVE

Our extensive product range is designed to meet the unique lighting needs of any equipment across your site. Whether it's heavy-duty machinery, underground operations, or surface facilities, Vision X Lighting offers tailored solutions that enhance visibility and performance, setting us apart from competitors with our comprehensive and adaptable offerings.

GLOBAL

With a robust distribution network spanning across the globe, Vision X Lighting provides reliable, high-quality lighting solutions for any site, anywhere. Our international presence ensures that you receive the same superior product quality and support, whether you're operating in North America, Europe, Asia, or beyond.

VISIONXLIGHTING.COM

ENGINEERED LIGHTING SYSTEMS

TESTED FOR THE EXTREME

Tested in mining environments across the globe from arctic to desert conditions, our lights are engineered to withstand and thrive in the most difficult and extreme environments on the planet.

UNRIVALED RATINGS

High quality construction and components enable our lights to withstand massive vibrations with up to an industry leading 60 Grms rating virtually eliminating failures on heavy tracked equipment.

VOLTAGE PROTECTION

Our lights have huge voltage ranges and will not sustain accidental damage if the polarity to the light is reversed by any chance of incorrect installation.

LED LIGHTING ADVANTAGE PROGRAM

COST EFFICIENCY

LOWER MAINTENANCE COSTS:
Longer lifespan and greater durability reduce replacements and labor costs.

REDUCED ELECTRICAL STRAIN:
Lower wattage consumption reduces strain on electrical components, extending their lifespan.

REDUCED MAINTENANCE:
LEDs require less frequent maintenance compared to HID and halogen lights, leading to lower operational interruptions and higher cost savings despite higher initial investment.

IMPROVED PRODUCTIVITY:
Enhanced visibility and reduced fatigue boost productivity.

EASY INVENTORY MANAGEMENT:
Standardized solutions simplify inventory, reducing costs and logistics.

SAFETY FOCUSED

ENHANCED VISIBILITY:
Brighter, more focused light output improves visibility and reduces the risk of accidents and near-miss incidents.

REDUCED OPERATOR FATIGUE:
Natural daylight-like color temperature reduces eye strain and fatigue, enhancing concentration.

ANTI-GLARE OPTICS:
Reduces glare for oncoming traffic, enhancing overall visibility and safety.

SELECTIVE YELLOW LENSES:
Improve visibility in fog, snow, and dust by enhancing contrast and clarity.

REMOVES HARMFUL EFFECTS:
Compliant with IEC 62471, ensuring no risks to eyes or skin.

ENVIRONMENTAL BENEFITS

NO HAZARDOUS MATERIALS:
ROHS compliant, containing no lead or mercury.

LONGEVITY AND DURABILITY:
Extended lifespan reduces waste and environmental impact.

REDUCED CO2 EMISSIONS:
Lower energy consumption across fleets decreases greenhouse gas emissions.

TREMOR SERIES

NEW - THE ULTIMATE SOLUTION

Introducing the Tremor Series Work Lights—engineered for versatility and durability, these lights are available in 3, 5, and 8 LED configurations with beam patterns of 25 and 40 degrees, making them ideal for a wide range of applications. Designed to provide powerful, reliable illumination, the Tremor Series ensures that your workspace is always brightly lit, no matter the challenge.

TREMOR SERIES

ANTI-GLARE [AG]

NEW - FOR ENHANCED PERFORMANCE

The Tremor Series now includes advanced anti-glare technology, which functions like a headlight with a sharp cutoff. This allows users, such as haul truck operators, to aim the light low enough to avoid blinding smaller vehicles, enhancing the safety of other drivers on the road. Additionally, the Tremor Series offers selective yellow options for improved visibility in foggy or low-contrast conditions, making it a top choice for professionals who require reliable lighting solutions in any environment.

ITEM #: THB0603XX

TREMOR 3 LED

- 2,083 Lumens
- 18-Watt
- Amp Draw: 1.5A @ 12V
- 60 Grms Vibration Rating
- 9-33V DC Input
- IP68 / IP69K
- Beam Pattern: Spot **25°**, Flood **40°**
Replace **XX** with beam number

ITEM #: THB0605XX [30W] / THB0905XX [45W]

TREMOR 5 LED

- 3,460 [30W] / 4,548 [45W] Lumens
- 30-Watt / 45-Watt
- Amp Draw: 2.5A @ 12V [30W]
3.7A @ 12V [45W]
- 60 Grms Vibration Rating
- 9-33V DC Input
- IP68 / IP69K
- Beam Pattern: Spot **25°**, Flood **40°**
Replace **XX** with beam number
- Options: **SY** Selective Yellow, **SYKOM** Selective Yellow Komatsu
Add to end of part number if option is desired

ITEM #: THB0603AG

TREMOR 3 LED AG

- 1,042 Lumens
- 18-Watt
- Amp Draw: 1.5A @ 12V
- 60 Grms Vibration Rating
- 9-33V DC Input
- IP68 / IP69K

ITEM #: THB0605XX

TREMOR 5 LED AG

- 1,730 Lumens
- 30-Watt
- Amp Draw: 2.5A @ 12V
- 60 Grms Vibration Rating
- 9-33V DC Input
- IP68 / IP69K
- Options: **AG** Anti-Glare, **AGSY** Anti-Glare Selective Yellow, **AGKOM** Anti-Glare Komatsu, **AGSYKOM** Anti-Glare Selective Yellow Komatsu
Replace **XX** with desired option

ITEM #: THB0608XX [48W] / THB0908XX [72W]

TREMOR 8 LED

- 5,719 [48W] / 7,188 [72W] Lumens
- 48-Watt / 72-Watt
- Amp Draw: 4.0A @ 12V [48W]
6.0A @ 12V [72W]
- 60 Grms Vibration Rating
- 9-33V DC Input
- IP68 / IP69K
- Beam Pattern: Spot **25°**, Flood **40°**
Replace **XX** with beam number

BENEFITS OF SELECTIVE YELLOW:

Selective yellow lighting improves visibility in challenging conditions like dust, fog, and snow while reducing eye strain for operators, making it ideal for harsh environments.

- Enhances contrast and clarity in low-visibility conditions.
- Cuts through dust and fog more effectively than white light.
- Reduces glare and eye fatigue during prolonged use.

ITEM #: THB0608AG

TREMOR 8 LED AG

- 2,860 Lumens
- 48-Watt
- Amp Draw: 4.0A @ 12V
- 60 Grms Vibration Rating
- 9-33V DC Input
- IP68 / IP69K

WHAT ARE ANTI-GLARE OPTICS?

Anti-glare optics for LED lighting in mining vehicles reduce direct light intensity, minimizing glare and enhancing visibility and safety by evenly scattering light.

- Reduces glare for improved operator comfort.
- Ensures even light distribution in harsh environments.
- Enhances safety and visibility on mining vehicle

BLACKTIPS HD SERIES

HALOGEN UPGRADE

The BT Heavy-Duty Series Work Lights are designed to replace 400 to 1,000 watt halogen lights, offering a powerful lumen output of 4,000 to 9,600. Built for durability and efficiency, these lights provide superior illumination while significantly reducing energy consumption, making them ideal for demanding work environments.

BLACKTIPS HD SERIES

ANTI-GLARE [AG]

BUILT FOR DURABILITY

Opt for anti-glare technology with a sharp cutoff, allowing haul trucks to aim lights low and prevent blinding smaller vehicles, enhancing safety for all drivers. Alternatively, choose selective yellow for better visibility in foggy conditions. These durable, efficient lights reduce eye strain, lower energy use, and ensure safety and comfort in demanding environments.

ITEM #: BHB0705XX

BLACKTIPS HD 5 LED

- 400-Watt Halogen Equivalent
- 4,000 Lumens
- 35-Watt
- 60 Grms Vibration Rating

- Beam Pattern: Spot 10°, Flood 40°
Replace XX with beam number

DURALUX GEN II SERIES

POWERFUL OUTPUT

Introducing our Duralux Gen 2 Series Work and Driving Lights, designed as an introductory-level option for mining applications. Available in 2, 4, 6, and 9 LED options, these lights provide 2,000 to 3,696 lumens, offering reliable visibility and safety for essential operations.

ITEM #: DURA2-WL260 / DURA2-DL2CBSY

DURALUX GEN II 2 LED

- 1,400 Driving Lumens
- 1,800 Flood Lumens
- 16-Watt
- Amp Draw: 1.3A @ 12V
- 21.2 Grms Vibration Rating
- 9-32V DC Input
- IP68 / IP69K

• Beam Pattern: Flood 60° Work Light [WL], Combo Driving Beam with DRL [DL]
Add SY to end of item number for selective yellow, only applies to driving beam

ITEM #: DURA2-WL660 / DURA2-DL6CBSY

DURALUX GEN II 6 LED

- 4,200 Driving Lumens
- 5,400 Flood Lumens
- 48-Watt
- Amp Draw: 4.0A @ 12V
- 21.2 Grms Vibration Rating
- 9-32V DC Input
- IP68 / IP69K

• Beam Pattern: Flood 60° Work Light [WL], Combo Driving Beam with DRL [DL]
Add SY to end of item number for selective yellow, only applies to driving beam

ITEM #: DURA2-WL460 / DURA2-DL4CBSY

DURALUX GEN II 4 LED

- 2,800 Driving Lumens
- 3,600 Flood Lumens
- 32-Watt
- Amp Draw: 2.67A @ 12V
- 21.2 Grms Vibration Rating
- 9-32V DC Input
- IP68 / IP69K

• Beam Pattern: Flood 60° Work Light [WL], Combo Driving Beam with DRL [DL]
Add SY to end of item number for selective yellow, only applies to driving beam

ITEM #: DURA2-WL960 / DURA2-DL9CBSY

DURALUX GEN II 9 LED

- 6,300 Driving Lumens
- 8,100 Flood Lumens
- 72-Watt
- Amp Draw: 6.0A @ 12V
- 21.2 Grms Vibration Rating
- 9-32V DC Input
- IP68 / IP69K

• Beam Pattern: Flood 60° Work Light [WL], Combo Driving Beam with DRL [DL]
Add SY to end of item number for selective yellow, only applies to driving beam

AC FLOOD SERIES

TOUGH ENGINEERING

Our AC Flood Area Lights are engineered for the mining industry and high-vibration environments, delivering powerful illumination with beam patterns ranging from 10 to 180 degrees. With an impressive output of 36,000 lumens, these lights provide exceptional visibility, ensuring safety and efficiency in the most challenging conditions.

ITEM #: LSG0660XXHVP

AC FLOOD 280W

- 1,000-Watt Metal Halide Replacement
- 36,000 Lumens
- 280-Watt
- 15.6 Grms Vibration Rating
- Amp Draw: 2.55A @ 110V

VEHICLE ID SERIES

CRISP, BRIGHT LEDS

Our Vehicle ID Series ID Board Lights come in 2 and 3 LED options, with an additional drift strobe for enhanced vehicle identification. Designed for tough environments, these lights provide reliable visibility and ensure compliance with safety standards, making them a durable and essential choice for your fleet.

MINING 360° SERIES

FULL 360° VISIBILITY

Our Mining Beacon Series includes heavy-duty beacons, Aerotech, and Tremor XD models in small and large sizes, all offering full 360-degree visibility. Designed for durability, these beacons feature rugged die-cast aluminum bases and shatterproof polycarbonate lenses, making them perfect for the demanding conditions of mining environments.

ITEM #: MIL-ID03X ID BOARDS 3 LED
